EXECUTIVE OFFICE OF THE PRESIDENT

OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

JAN 7 1972

Honorable Richard Helms
Director, Central Intelligence Agency
Washington, D. C. 20505

Attention: Mr. John Maury
Central Intelligence Agency

Dear Mr. Helms:

The facilities of the Council of State Governments and the National Governors' Conference, are again being made available for circulating legislative proposals which Federal agencies wish to suggest for consideration by the State legislatures in their 1973 sessions. For over thirty years this service has been made available by the States to Federal agencies.

The coordination of this program is carried on by the Office of Management and Budget. Any proposals for State legislation which your agency may wish to have circulated among the State legislatures by this procedure should be forwarded to the Office of Management and Budget. This Office will request the comments of other interested Federal agencies, advise you of the relationship of your proposal to the program of the President, and when appropriate, forward the proposal to the Committee on Suggested State Legislation, Council of State Governments, for consideration. Proposals approved by the Council's Committee will be circulated among State legislatures at their next sessions.

In order to facilitate and expedite the procedure for bringing Federal proposals to the attention of State legislative bodies, your attention is invited to the Analytical Index (1941-1972), 1972 Suggested State Legislation, Volume XXXI, pp. 289-304, which replaces all previous index sources. Volumes for succeeding years will maintain this Index on a current basis.

Your suggestions should be submitted to the Office of Management and Budget by March 3, 1972 to permit time for coordination with other Federal agencies and consideration by the Committee prior to its 1972 meeting. Each proposal should be

submitted as a draft statement setting forth the problem and outlining approaches to its solution. We would appreciate receiving eight copies of the draft and each accompanying explanatory statement. (At a later date, it will be necessary to furnish copies of each proposal to the Council Committee for its consideration, and it would be advisable to retain the duplicating plates if they have been prepared.)

If your agency is considering suggested legislation in the environmental area, please inform Mr. Timothy Atkeson of the Council on Environmental Quality (code 128, extension 7965 or 3827965), who is coordinating proposals in this area with EPA and the Department of Interior. The environmental suggested legislation is being prepared on an accelerated basis and is due by January 31, 1972. When such legislative proposals are ready, please send a copy to Mr. Atkeson at the same time that they are submitted to the Office of Management and Budget.

In order to assure full attention for your suggestions, it is important that the March 3, 1972 submittal date be observed. We are further informed that special arrangements will be made to facilitate consideration of proposals contingent upon congressional action which may be taken after that date. These should be prepared by you and sent along as soon as possible. It would be helpful if you anticipate making such later proposals to inform us and give as much indication as possible of their substance.

In the event that there are any questions concerning this procedure, please communicate with Mr. Thomas J. Graves of the Office of Management and Budget staff (code 103, extension 3477).

Sincerely,

Dwight A. Ink
Assistant Director
